

SPONSORSHIP OPPORTUNITIES

PHIA was formed to educate the public about the value and importance of a well-funded highway system. Today, PHIA continues to carry the torch for the industry as we seek to become Pennsylvania's leading organization educating the public on the importance and value of a safe and modern highway system.

At its Annual Conference and Meeting, PHIA will again bring together those who will steer the highway industry into the future. National industry leaders, elected officials, PennDOT and PA Turnpike staff will discuss how we plan to adequately fund our infrastructure.

Sponsoring an event at the Conference is YOUR opportunity to reach key public and private sector officials, and to put your company's name before a watchful audience. Your support will be recognized through signage and/or printed materials during the Conference, as well as by other means, like the PHIA Web site and recognition during the program.
